Hi What's Left of the Management Team,

This is just an FYI right now – we have been asked for priority topics for briefing the new PDRA. The list below is what WWPD sent forth. Ed will cull the list and let us know what issues where we need to fill out the attached template. I'm sending this to you now for awareness – some of these are for sure going to make the list – others may be in the next round. Stay tuned.....

Diane

Senior Staff and Deputies-plans are underway for getting Cathy Stepp onboard. A few weeks ago we discussed each division/office putting together their list of priority topics for initial briefings (due to other pressing matters we did not have a Senior Staff discussion on the list of proposed topics). Please provide your list of potential briefing topics to Steve Schaff by COB Friday Sept. 1. Steve will consolidate the list for Ed's review. POIS has developed a template for the briefings which is attached. We are requesting everyone use this template. If you have any questions, please see me. thanks karen
